- ✓ With its impressive brightness of 7000 lumens, the lamp offers clear and even illumination that reduces eye strain and increases efficiency when working in dark rooms
- ✓ The lamp is equipped with a dimmer, which means you can adjust the brightness according to the needs of the specific task or environment
- ✓ The USB port allows you to charge various devices directly through the work lamp, such as smartphones or others.
- ✓ The lamp uses energy-efficient LED technology, which not only provides lower electricity consumption, but also has a long life
- ✓ One of the main advantages of this model is compatibility with two types of current - alternating current (AC) and direct current (DC). This gives users the option to use the lamp with both a regular outlet and portable power sources
- ✓ The work lamp is supplied without battery and charger
